## EACH: Why?

- One of the few of its kind
- Oriented towards job market
  - Metrology/quality
  - Socio-economical aspects
  - Practical placements
  - Study tracks tailored to „frontier“ areas
- Strong links with practitioners

... This reveals a **larger demand** from the job market for analytical chemists **than the supply** by higher education institutions.

# Website

The screenshot shows the EACH Winter School website. At the top, there are logos for the University of Turku, Uppsala University, Lyon 1, and Åbo Akademi University. Below the logos, the text reads "EACH Winter School" and "The EACH Winter School 2018 takes place in Lyon, at UCLM". A navigation menu on the right includes links for "About EACH", "Study programme", "Training placements", "Consortium", "Associated partners", "Admission information", "Scholarships and tuition fees", "Career outlook", "Practical information", "Contact", "Blog", "For visiting scholars", "EACH Winter School", "Study regulations", "FAQs", and "What our students say?". The main content area features a "Winter school 2018 programme" table with columns for "Date", "Day", "Time", "Topic", "Lecturer", "Location", and "Status". The table contains a detailed schedule of activities, including lectures, seminars, and practical sessions, organized by date and time.

## Important information:

- **1st year students:**
  - Study track preferences (to be submitted this evening)
    - All three universities, on scale 1-10 (10 is the preferred)
    - Example: **UU: 8 UCBL: 2 AAU: 10**
  - We will have a session on spring timetable
- **2nd year students**
  - Master theses
- **All students:**
  - Feedback surveys after the Winter school

## Selecting 1st year students for study tracks

- **Final decisions** are made during the Winter School
- Students are selected taking into account
  - Your preference
  - Weighted average grade of compulsory courses obtained during the first semester at Tartu
  - Interview during Winter school
    - Convincing motivation of your preference
  - (Motivation letter, knowledge of local language)

# Aspects for you to take into account in stating study track preferences

- **Research fields** in II year universities
- **Competition** for the II year universities
  - UU more popular than others
- **Practicalities** in the respective country (cost of living, etc)
- Your **language** skills and what language you have studied at Tartu
  - France vs Finland/Sweden
